

## Dear Friends of Athletics

Join me, Kajsa Bergqvist, at DN Galan Youth, the only Track and Field Gala created for the young athlete (age 12-19) to experience the same conditions, the same atmosphere and the same setting as the elite athlete.

On July 23-24, the days after the IAAF Super Grand Prix DN Galan, the historical Stockholm Olympic Stadium, where I as a World Champion high jumper had some of my most memorable and best performances, is transformed into a track and field gala and meetingplace for young athletes. This is a unique opportunity for the youth to experience competition in gala format and meet competitors and friends from all over the world!

DN Galan Youth offers you something extra:

- Big screen with replays and interviews
- Speaker, music and sound produced by DN Galan
- Welcome bag with gifts from sponsors
- Opportunity to meet world class athletes
- Sponsor village with restaurants, sponsors and activities
- Experience Stockholm city and Swedish hospitality
- Affordable and attractive accommodations
- Free transportation on Arlanda Express from Arlanda Airport
- A professional Web-TV production
- And more...

If you are planning to go to an international youth meet that is memorable, different and well-organized, you should come to Stockholm on July 23-24, 2008.

I wish you welcome to my home town Stockholm!

Best regards,

IAAF I.W.R. 2,08  
W.C.
